## MUST FIGHT OR STARVE

Cervera Is Powerless For Harm In Santiago Harbor.

THREATENED WITH STARVATION IF HE REMAINS THERE LONG.

Washington, May 26—Special—Cervera's fleet will doubtless remain in Santiago for several weeks if not until the close of the war. The Spanish admiral realizes that he must stay where he is or face almost certain destruction. Yet he may be forced to make a dash for the open sea by the spectre of famine. There are not provisions enough in Santiago and the country tributary to it to support the resident population for a month. To these consumers must now be added the soldiers and sailors of the fleet, whose wants must be supplied even though civilians may suffer. Santiago has no railroad communication with other parts of Cuba, and the mountain passes can only be traversed by pack animals. Even though the surrounding country was abundantly supplied with provisions, therefore, they could not be brought to the city in sufficient quantities to meet the unusual demand. Madrid advises say Cervera will not fight the Americans as long as they are [his superiors in strength. If this be true he will not fight them at all, for the longer he remains in his present retreat the greater the disparity will be, for he will be continually growing weaker while the strength of the Americans will be increased.

**Enthusiastically Received.**  
Madrid, May 26—Special—An official telegram has been received from Santiago telling of the arrival of Cervera's fleet at that harbor. When the squadron entered port the rejoicing of the inhabitants was wildly enthusiastic. All the military and civil authorities in port rowed out into the bay to welcome the warships, and flags decorated every building in town. A great banquet was given in honor of Cervera.

**Cervera Will Not Fight.**  
Madrid, May 26—Special—In an interview last night, Premier Sagasta said a naval engagement in Cuban waters was extremely improbable. There would be no fight at Santiago, he said, unless Cervera desired it, because in his opinion, the Americans would not seek a battle when the odds appeared against them.

**Entrapped the Americans.**  
Madrid, May 26—Special—A dispatch from Manila says the Americans made an attempt to land at Binacayan a quantity of arms and ammunition. Spanish soldiers permitted the Americans to come ashore, when they attacked them and captured the arms and ammunition.

**Denies His Identity.**  
Key West, May 26—Special—The case of the Spanish spy who has been identified as Lieut. Sobral, formerly attached to the Spanish legation at Washington, is attracting much attention. The man still insists that his name is not Sobral. He will be taken to Atlanta and tried as a spy.

**Halifax Forts Manned.**  
Halifax, May 26—Special—The forts about Halifax harbor are being manned by British regiments from the garrison. It is reported that there are French and Spanish warships off Halifax.

**No Doubt He's Bottled**  
Key West, May 26—Special—Positive information reached here this morning that Cervera's fleet is bottled up at Santiago. Naval officials are jubilant.

**Talking Over Plans.**  
Washington, May 26—Special—An important conference is being held at the white house. The subject under consideration is the proposed movement on Porto Rico and Cuba.

**American Ships Active.**  
Madrid, May 26—Special—A Havana dispatch says the Americans shelled the fort at St. Hilaric, and that twelve American warships made a demonstration off Cienfuegos.

## MET HORRIBLE DEATH FIFTY WERE DROWNED

**Three Children Cremated in Their Parents' Home at Iron Mountain**  
Iron Mountain, Mich., May 26—[Special]—In a fire which destroyed the residence of Alfred Richter this morning the lives of eleven persons were imperilled. Eight managed to escape more or less injured but three were burned to death. The victims were Katie Richter, aged 18, Arthur Richter, aged 10, Hattie Richter, aged 4. The origin of the fire is supposed to have been the explosion of a lamp in an incubator. There were nine of the little ones and the father and mother were able to get but few of them into their hands and escape by jumping, the stairway being then in flames. Mr. and Mrs. Richter were severely burned and the former was badly cut by glass.

**Collision Between Two Passenger Steamers Near Calcutta in India.**  
Calcutta, May 26—[Special]—The steamers Mecca and Lindula collided last night and the Mecca was sunk. Fifty of her crew and passengers were drowned.

**Body Lying in State**  
Gladstone's Remains Viewed by Immense Throng at Westminster Hall  
London, May 26—[Special]—Gladstone's body is lying in state in Westminster hall today. The remains had been visited by twenty-five thousand persons at noon, including many high personages.

## HE KNOWS SANTIAGO WELL ARE NOT ANXIOUS TO ENLIST

**Theatrical Agent Who Spent Some Time Where Cervera's Fleet is Caged**  
"Jake" Murray, one of the oldest theatrical agents in the country, is in the city representing the Lyceum company. Mr. Murray spent some time in Cuba several years ago, and is familiar with the topography of the country. He says that Cervera occupies an impregnable position in Santiago harbor. His ships are safe from attack from either land or sea. The entrance to the harbor, he says, is no more than two hundred feet wide, the rocks on either side being exceedingly precipitous, while a fort is located on each of the points guarding the entrance. In the rear of the city the mountains are impassable except to pack mules carrying light burdens. A railroad enters the city, but it is of little service, the tracks being out of order and the rolling stock of the most primitive description. The Spanish fleet, he says, will be starved out in the course of a few weeks, and will be forced into the open sea. A bombardment of the fleet while in the harbor would, in his opinion, be a fruitless undertaking, while it would be suicidal for Sampson's vessels to undertake to enter, as the channel is mined with the most powerful explosives. The harbor would be an ideal place of refuge for Spain's fleet, save for the difficulty of obtaining supplies except by sea, a channel now cut off by the American blockade.

Mr. Murray has no love for the Spaniards. While among them he was subjected to many insults on account of his American citizenship. His brother, an engineer on the railroad, running into Santiago, was ordered to be shot several years ago because on accident caused a delay in the arrival of his train. The condemned man appealed to the American consul for protection but that official's interposition was of no avail. Finally the British consul demanded his release. The Spanish commander demurred, but on being threatened with a visit from a British man-of-war then in the vicinity ordered the liberation of his captive, who lost no time in getting back to the United States.

## SAMPSON'S MEN WANT SUITS

**An Order Received in Janesville For Hot Weather Underwear.**  
O. M. Crawford, an officer aboard the battleship New York, which is now the flagship of Admiral Sampson fleet, writes an interesting business letter to the local knitting firm of Lewis Bros., with whom he has placed an order for a union-made suit of this underwear to be forwarded to him at once via Key West, Florida. Mr. Crawford states in his letter that the climate where they are now cruising is a little too hot to be comfortable for thick underwear, and that if his union suit is satisfactory he will see to it that a large order reaches the Janesville firm from the men aboard the New York.

## ARRANGING FOR THE PICNIC

**Modern Woodmen Will Have a Big Gathering at Rockford**  
City Clerk A. E. Badger was in Rockford today making the necessary arrangements for the visit of the local camp of Modern Woodmen who intend going to the big picnic in the Forest City on June 2. Present indications are that a large sized delegation will go from here as well as from several of the surrounding towns. The Imperial band from this city will go in strong numbers, and nothing will be left undone to make a good showing in behalf of the Power City.

## PROMISED BETTER CONDUCT

**Narrow Escape of a Young Man Who Encouraged the Cigarette Habit.**  
One well known Janesville young man was saved the embarrassment of being arrested today, by the withdrawal of the complaint in the municipal court this morning. He was charged with purchasing cigarettes and then distributing them to boys who are under age. The complaint was withdrawn for the reason that the young man in question promised to do better in the future. Cigarette smokers are being closely watched these days in Janesville.

## HAVANA IS THE PRIZE

Belief That the Cuban Capital Will Be Bombarded Soon.

CABINET DISCUSSING THE PLANS THIS AFTERNOON.

Washington, May 26—Special—The reported explosion on the Baltimore is discredited at the navy department.  
Washington, May 26—Special—The attack upon Havana will not be delayed till after the expected fight with Cervera's fleet. A very small number of vessels will be required to prevent the exit of the Spanish ships from Santiago, and the American squadron beleaguering the capital will consist of more than three-fourths of the combined squadrons of Sampson and Schley. The rebels are within a few miles of Havana, and in a few days will be reinforced by American troops. While an attack is made upon the city from the harbor by our ships the insurgents will make an assault from the rear, and the result cannot be doubtful. Ten days is the utmost limit of time allowed before this attack is made. The Cubans are well armed with guns furnished by the United States, and better provisioned than they have been for two years. The fight may be a bloody one, but the chances are all with the combined forces of the American navy and the Cuban army.

## Safe at Key West.

Key West, May 26—Special—The battleship Oregon arrived here this morning. The battleship is in splendid shape, and ready to go to sea as soon as she coals. Her trip lasted sixty-six days. No signs of Spanish warships were seen. While at Rio Janeiro the vessel coaled. It was then discovered that an effort had been made to blow her up. Thirty dynamite bombs were found in the fuel. It was only by a miracle that the ship was saved.

## Inactivity Accounted For.

New York, May 26—Special—The following dispatch has been received from Washington: "It is now asserted here that the president offered to give Spain the Philippines and refrain from invading Porto Rico on condition that Spain give up Cuba. Spain spurned the offer. This accounts for the past week's inactivity."

## The Baltimore Disabled.

Washington, May 26—Special—Dispatcher from Madrid says the United States cruiser Baltimore was disabled by an explosion on board. The Baltimore is now at Manila having taken part in the recent battle.

## Looking For Spaniards.

London, May 26—Special—A dispatch from Iloilo says an American warship is reported cruising off Iloilo on the lookout for Spanish vessels.

## A Bombardment Imminent.

Key West, May 26—Special—Sampson's fleet is reported off Havana, having suddenly been ordered back while en route to Santiago. It is intimated that a bombardment is imminent.

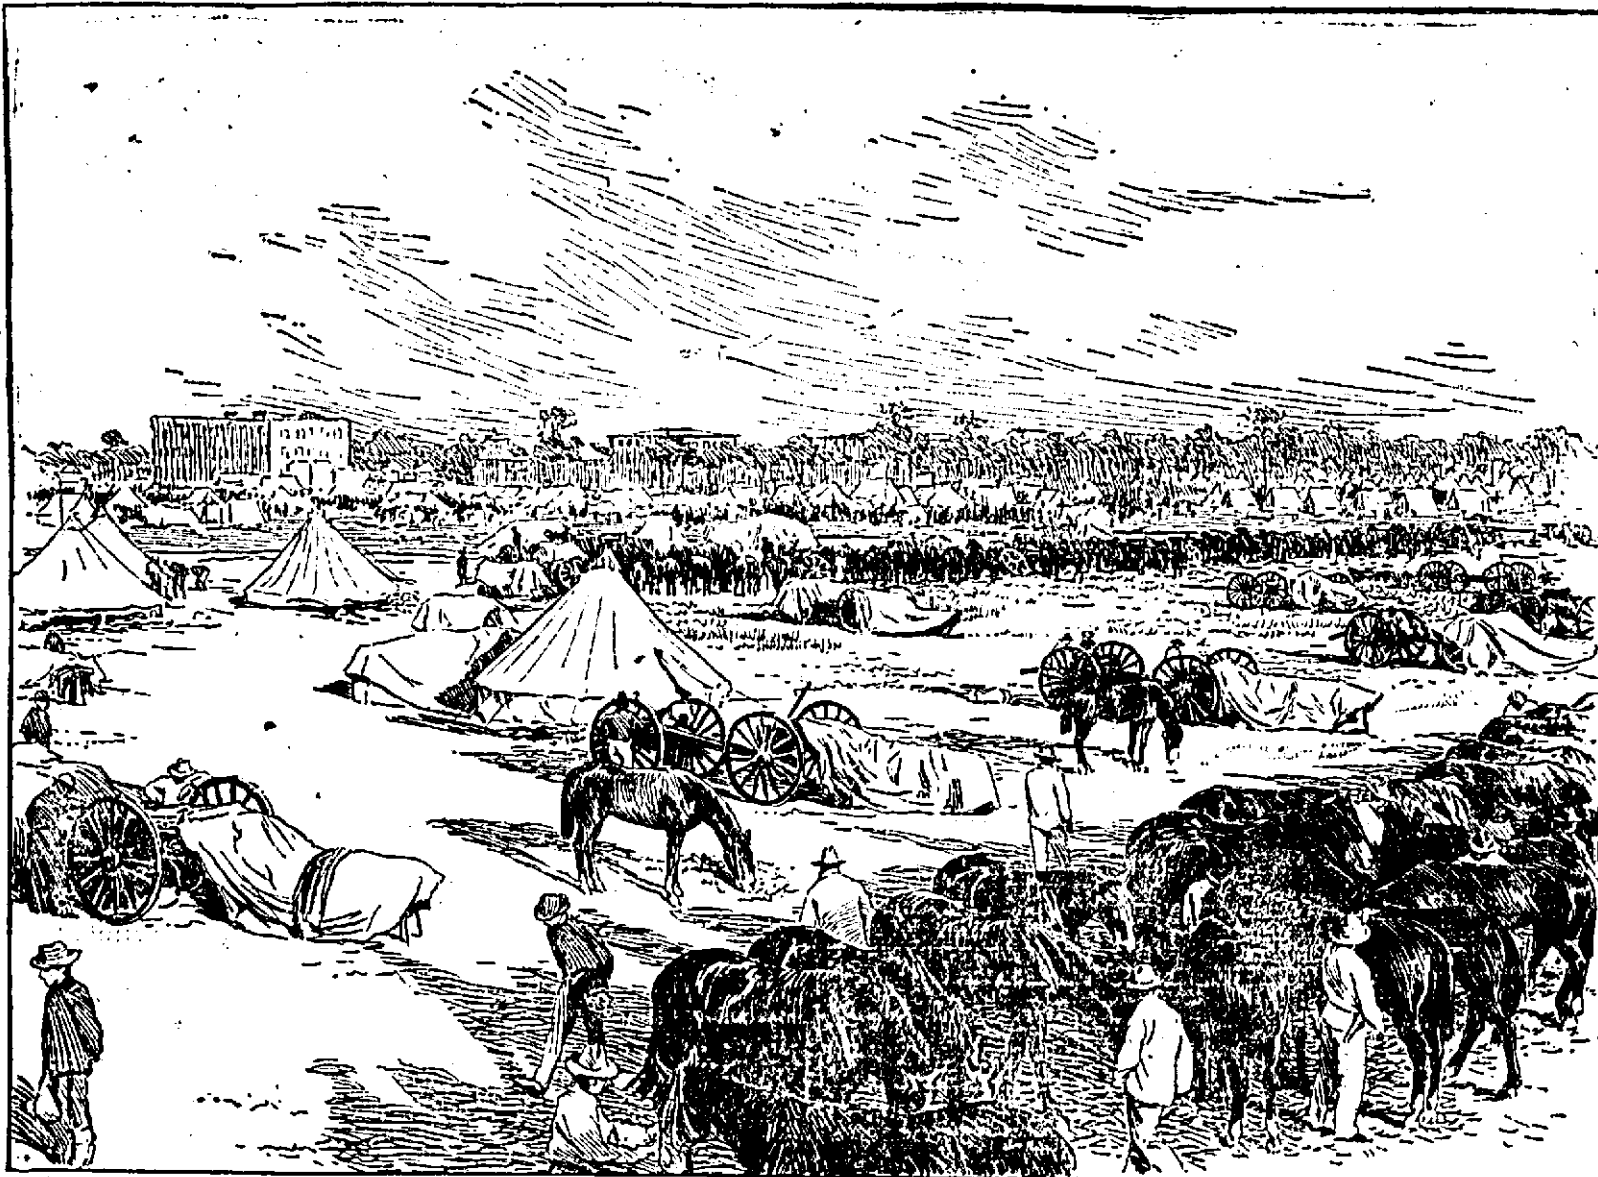

## Revolution in Spain.

Madrid, May 26—Special—There are renewed signs of revolution. The queen has been urged by the Emperor of Austria to prepare to fly.

## Another Crisis Threatened.

Madrid, May 26—Special—Financial differences in the cabinet threaten to bring about another ministerial crisis.

**TELEGRAPH BOYS BEATEN**  
They Were Not a Match For the Y. M. C. A. Ball Tossers  
The Y. M. C. A. base ball team played their first game of the season at Athletic park yesterday afternoon, when they lined up with the nine from the local school of telegraphy. The Y. M. C. A. boys had Roy Palmer in the pitcher's box, and he proved too much of a puzzle for the telegraph boys. From beginning to end the Y. Y. C. A. team had every thing their own way, and if Palmer had not been taken out of the box in the third inning and Orall substituted the opposing team would not have even scored. The game was an interesting one, ending in favor of the baseball team by a score of 17 to 3.  
The W. H. Sargent W. R. O will meet Friday and Saturday afternoon at 1:30 in the rooms in the rear of Palmer & Sargent's drug store to arrange the evergreens for Memorial day. Elizabeth McDonald, Pres.

U. S. REGULARS AT PORT TAMPA. ARTILLERY CAMP DURING STABLE HOUR. FROM A PHOTOGRAPH TAKEN FOR HARPER'S WEEKLY.

Reproduced from Harper's Weekly. By Permission. Copyright, 1898, by Harper & Brothers.

Very few people realize that today artillery is the most effective and important branch of the military service and that it promises to develop more novel features in warfare and strategical science than either cavalry or infantry. It will accordingly be one of the most interesting points of the coming struggle in Cuba to study the condition and strength of the United States artillery. We have now at Tampa about seven hundred

artillerymen, in charge of sixty field guns, and a picture of their camp is printed this week, reproduced from an illustration in Harper's Weekly. It is probable that the prospect of actual warfare was greeted with more satisfaction by our artillery than by any other branch of our army. Cavalry and infantry have alike distinguished themselves in the Indian campaigns, but the careers of the gunners have been few, and they are

therefore impatient to be transferred to Cuban soil for action. The value of the restraint and routine of camp life, so necessary as discipline and training for the militia, is little appreciated by the regular troops. They are all anxiously waiting for "the big thing," as the move on Cuba is called, and the quiet scenes of camp life, like the one depicted in the illustration, will be gladly exchanged for the stirring and danger-

ous experience of an active campaign. The skill of American gunners both on land and sea, is traditional and unquestioned. The country looks forward with confidence to the proofs of the efficiency of our light artillery in the field, and the men, in turn, are consumed with anxiety to outdo, if possible, the accuracy of aim which their comrades on shipboard have already displayed at Manila, Matanzas, and Porto Rico.

## GRAND ARMY MEN MEET AT APPLETON

VETERANS PRESENT IN LARGE NUMBERS AT ENCAMPMENT.

Commander Gray's Report Shows Good Progress During the Year—Improvements Suggested at the Waupaca Home—Auxiliary Societies Transact Their Business.

Appleton, May 26.—Yesterday witnessed the opening of the thirty-second annual encampment of the G. A. R. of Wisconsin in this city. When the encampment was at the Central Music hall, the department chaplain offered prayer and was followed by Mayor Herman Erb, Jr., Ex-Governor Board made a brief response, after which Department Commander Gray delivered his annual address. He said that evidence of the increased respect in which we are held by the mass of the American people is manifest by the great outpourings of young and old, of all classes at campfires and reunions. By the unanimous action of the state legislature in setting apart rooms in the capitol building for department headquarters and furnishing them properly, and further by decorating the park in which the capitol is situated with the badges of the old army—beds of flowers and foliage plants arranged to make a facsimile of our corps badges. What holds true of our department is especially true of the whole nation. It is, therefore, the duty of comrades to keep the order in existence by conserving in every proper manner its membership.

Col. Gray then spoke on the membership, finances, the allied societies, the Wisconsin Veterans' home, inspection, court martial, the national encampments and the deaths recorded. He spoke of the plan to have each G. A. R. member get two young men to serve against Spain in the present war and closed with a review of the work of the order and its history.

The reports of the other officers

closed the work of the forenoon. The Veterans' Home.

The annual report of the board of trustees of the Wisconsin Veterans' home shows that the total receipts for the year ending December 31, 1897, were \$61,619.20; total amount of disbursements for the same time, \$51,995.86, leaving a balance on hand of \$9,523.34. The number of members at the close of last year was 240 men and 124 women; number of members admitted during the year, 180; number honorably discharged, 54; number of deaths, 10; present membership, 403. Among the improvements needed is an improved sewer system, a new house for the adjutant, a new cold storage building, and a new kitchen and dining hall for Marston hall. The state vests in the board of trustees the entire management of the home and holds it responsible for everything connected therewith.

Miscellaneous Business. Among the resolutions introduced was one providing that the Wisconsin delegates to the National encampment be instructed to vote for the admission into the order of the veterans of the present Spanish war. Colonel Watrous, chairman of the resolutions committee, and A. G. Weissert opposed the resolution, and it failed to pass. The sentiment was not against paying the highest honor to the boys who are now in the field, but a majority believed that they would rather have an order of their own than to inherit the name of the G. A. R.

The resolution to admit into the order members of the Telegraph corps, was laid over for one year.

About 3,500 people were in the line in the parade, including school children, and after the parade addresses were given by ex-Governors Peck and Hoard and Colonels Watrous and Bryant. The evening was devoted to campfires and patriotic meetings.

Woman's Relief Corps. When the annual session of the Relief corps had been formally opened and the body organized, Mrs. Lettie F. Withers, department president, read her annual address, which consisted of a review of the work of the year, including a summary of the reports of the various officers. The report of Mrs. L. N. Fort, of Eau Claire, the secretary, showed among other items that the total membership was now 4,104, a net gain for the year of 241, while the gain the previous year was but ninety. There had been eleven new corps organized, and two disbanded, a net gain of nine corps. There are now 141 corps in good standing, the largest number in the history of the order in Wisconsin. The number of persons assisted was 2,191.

Sons of Veterans.

The work of the organization of the Sons of Veterans was done in short order. Col. C. C. Townsend's place was filled by Lieut. Col. F. M. Smith of Marinette. The various reports were read, and that of Asst. H. S. Webster, of Menasha, showed a membership of 682 with 21 camps, a slight increase in membership being noted for the year.

Col. Townsend of Benton will not

## LATE EVENTS IN LOCAL SOCIETY

ENJOYABLE PARTY IN COLUMBIA HALL LAST EVENING.

It Was An Impromptu Affair, But Attended By Many Leaders In Social Circles—Pleasant Gatherings Held At The Homes of Leading Citizens.

A more delightful party was never given in Columbia hall than the one that took place last evening. It was an entirely impromptu affair, given by some of the young society people of the city, and was for that reason all the more enjoyable. The Italian string band that has been giving street music here of late, furnished the inspiration last evening and such excellent two step and waltz music has seldom been heard in this city. They were obliged to respond to several of their pieces. The party ended at midnight. Among those present were:

## Milwaukee Carnival Week.

Carnival week at Milwaukee, June 27 to July 3, will rival the Mardi Gras at New Orleans. Those having the celebration in charge believe that the Wisconsin festivities will even be more attractive than those of the far famed southern city. At New Orleans there are only three evening attractions. At Milwaukee there will be six days and six nights of endless festivities. The grand pageant, illustrating the history of Wisconsin, will consist of twenty floats. These floats are rapidly nearing completion and are said by the contractor, who has devoted his whole life to this business, to be the finest he has ever yet constructed. Low fares on all roads and boats will be given for Carnival week.

## Attention, Comrades!

You are hereby reminded that you have a sad and solemn duty to perform in observing Memorial day in a fitting manner, which occurs on Monday, the 30th inst. The proper observance of this, the most sacred day of all national holidays, is and should be the first duty of every surviving comrade. The Relief Corps will assist in the noble work of strewing flowers over the graves of the fallen heroes. A special invitation is hereby extended to the city schools to take part in perpetuating the memory of the departed dead. All patriotic citizens are cordially invited to be present during the ceremonies. Owing to other attractions in the city on that day it has been decided to dispense with the usual exercises at the cemetery except what are contained in the Grand Army ritual. The memorial address will be delivered by the Rev. Walter A. Hall on Sunday the 30th inst., at Court Street church, at 10:30 o'clock a. m., to which all are invited. Comrades will meet at Post hall at 10:15 on Sunday morning and march to the church, and will meet on Monday at 2 o'clock p. m. The procession will leave Post hall quarters at 2:30 o'clock sharp, and proceed without delay to the cemeteries. By order

"I would not be without Chamberlain's Remedy for its weight in gold," writes D. J. Jones, of Holland, Va. My wife was troubled with a cough, for nearly two years. I tried various patent medicines, besides numerous prescriptions from physicians, all of which did no good. I was at last persuaded to try a bottle of Chamberlain's Cough Remedy, which promptly relieved the cough. The second bottle effected a complete cure." Via the Northwestern Line will be sold daily, beginning June 1, limits of tickets providing for longer or shorter sojourn, according to rate. This expedition will be well worth seeing. For further information apply to agents Chicago & Northwestern railway.

Mr. John Peterson, of Patonville, La., was very agreeably surprised not long ago. For eighteen months he had been troubled with dysentery and had tried three of the best doctors of New Orleans, besides half a dozen or more patent medicines, but received very little relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy, having been recommended to him, he gave it a trial and to his great surprise, three doses of that remedy effected a permanent cure. Mr. Peterson, a well known merchant of the same place, is well acquainted with Mr. Peterson and attests to the truth of the statement. This remedy is for sale by People's Drug Company, corner of Main and Market streets.

THIS DAY IN HISTORY

1793—Samuel Pepys, whose diary of common life in England is noted, died.  
1809—Joseph Haydn, musical composer, died; born 1732.  
1840—Admiral William Sidney Smith, a noted British officer in the wars with Napoleon, called the hero of St. Jean d'Acre, died; born 1769. Admiral Smith served against America while a mere boy. At 30 he was a post captain. He led a squadron to Egypt and repulsed Bonaparte at St. Jean d'Acre.  
1861—Rear Admiral Samuel Powhatan Carter, U.S.N., retired, died in Washington; born in Tennessee 1810. The admiral obtained note as a Federal general in the civil war.  
1869—The greatest flood ever known on the Mississippi reached its highest point; loss of property from Kansas City to New Orleans at least \$50,000,000; many lives lost.  
1890—Czar Nicholas II crowned at Moscow.

A VETERAN TEACHER.

Fifty years ago last Tuesday, Professor Joseph Emerson, of Beloit College began his work at that institution, and the anniversary was fittingly celebrated. The citizens of Beloit and vicinity turned out to help the students pay honor to the worthy sage and teacher who has devoted half a century to preparing young men for future usefulness.

Professor Emerson is a foremost figure among the educators of the country. He was born in Norfolk, Conn., May 28, 1821. His parents, the Rev. Ralph Emerson and Eliza Rockwell, could each trace descent from the most stalwart of New England's families.

His early school and college honors were always highly prized as loyal offerings to a father's gratification. Professor Emerson's course of preparatory study was completed at Phillips academy, Andover, Conn. He was graduated from Yale in 1841 and among his classmates were such distinguished men as Judge Learned, the Rev. Dr. W. T. Eustis, Judge Birdseye, and Donald G. Mitchell. He entered Andover seminary and pursued his theological studies for two years, then he taught at Yale for four years. In 1848, after two days of wet journeying from Milwaukee, he arrived at Beloit on May 24, and became an associate of Prof. J. J. Lusk and S. T. Merrill in training the youths of the pioneer school.

In 1860 Prof. Emerson went abroad and lived a year or more in travel and study in Europe, and in 1887 and 1888 he was also in Europe, Egypt and Palestine. With the exception of these absences he has been a constant part of Beloit college life.

GET VOTES BY MACHINE

The Anti-Machine Republican club of Milwaukee—in other words the Cream City branch of the LaFollette Machine—has been organized and President Pulling has appointed a finance committee, a committee on bylaws and a "central committee" with members from each ward and precinct. Copies of Mr. LaFollette's organ, The State, printed at Madison, were distributed and all the men present were asked to support it. And still the LaFollette men have the face to claim that they are "fighting the machine." The LaFollette machine is complete to every cog wheel with a "literary bureau" established and committees appointed to raise funds etc. It is safe to predict, however, that any effort to gain votes under false pretenses will fail, as Wisconsin republicans are not caught with chaff. Verily the ways of the LaFollette machine are past finding out.

The Prairie du Chien Courier, a rock ribbed democratic paper, says: "Governor Scofield has shown himself an able state executive, and as a 'war governor' is entitled to our respect, and his political opponents should withhold unfriendly criticism while he is devoting himself to the duty of aiding the nation's cause. He will be re-elected, and his election, if made unanimous, would be in line with the public welfare."

To say that a man whose ability and good sense had attracted the attention of his fellow men to the extent that he is chosen to represent them in the legislature, would be influenced by a railway pass, is an insult to the honesty and manhood of the state. There are men who would be

so influenced, but such men could be "influenced" whether they had a pass or not.

And while the bequests are being tossed into the arena, Captain Clark, of Oregon, should not be forgotten. It was Captain Clark who cabled the navy department "Please don't tangle me up with orders. I am not afraid of the whole Spanish fleet!"

Mr. Hall gets the unqualified support of the democratic press in his attack on Governor Scofield, which fact should afford him a good deal of satisfaction.

The Gazette certainly will not open a museum unless that city oak desk, that disappeared so mysteriously, is placed on exhibition therein.

And Italy, apparently, is with us. At least the Italian street band makes a specialty of "The Star Spangled Banner."

THE FOREMAN WAS WATCHED

Two Surprises Sprung Upon Employees of the Heddles Warehouse.

S. B. Heddles has just finished landing one of the largest packings of Wisconsin ever put up in the state. He has been working seven warehouses this winter, and has put away a trifle over 7,000 cases of '97 leest. All the details of the packing have been supervised personally at the main office in this city by Mr. Heddles and Miss Grace Kirk.

A surprise was sprung on the force at the main warehouse on Pleasant and Adams street when Mr. Heddles called every member in the warehouse to report for duty in the main assorting room. The order was promptly obeyed and Mr. Heddles, who for twenty years has enjoyed the fullest confidence of his help, stepped upon the scales which have weighed out over 4,000 cases in ninety days and called to the front Frank McCaffery his manager and foreman.

Mr. Heddles reminded those about him of Mr. McCaffery's strong points, which as he stood upon the scale of justice he could not but appreciate. Then in behalf of all concerned he presented Mr. McCaffery with a handsome gold watch, expressing the hope that it should measure his days for one hundred years and that success should be with him constantly.

The next surprise was on P. Mulquin, assistant foreman, who was made the recipient of a handsome diamond ring. The two foremen returned their sincere thanks, and assured their friends of their sincere appreciation.

THERE'S MUSIC IN THE AIR

Itinerant Street Musicians Are Becoming Plentiful in Janesville

The Italian string band didn't have things all their own way about town today. On one of the morning trains were arrived another Italian musician who not only had a hand organ but also had his wife along.

Down West Milwaukee street they came with the organ pealing forth "Down On The Wabash" while but a block away the string band was interesting a crowd with "The Star Spangled Banner."

By mutual agreement the two "bands" agreed to go different ways and while one did the west side the other traveled the east side. As the result of too much music they both report a poor day's business.

Petitions and bills.

The following petitions were offered and referred:

From the town board of Bradford for aid to build a bridge.

From Piny Norcross to have certain taxes returned.

From O. W. Merriman for tax deeds on certain tax certificates in city of Beloit.

The clerk presented all bills that were on file in his office, and they were referred.

Piny Norcross was called for and made a statement in explanation of the law under which he filed his petition.

On motion of Supervisor Powers the board adjourned till 1:30 p. m.

Afternoon Session.

Chairman Simon Smith called the meeting to order at 1:30 p. m., a quorum being present.

Supervisor Barker moved for the cancelling of certificates in Carlington, Whitehead & Wheeler's addition. Adopted.

Supervisor Davidson's report on the building of a bridge in the town of Bradford was adopted. The amount appropriated was \$1000 and the proposed structure will span Turtle Creek.

The committee on public buildings was instructed to have a steel ceiling placed in the court room of the Rock county circuit court, the sum of \$800 being appropriated.

The chair appointed as a committee to cooperate with the town board of Bradford in building the bridge in Bradford, Supervisors Davidson and Cory.

Supervisor Eger moved that the per diem and mileage be allowed. Adopted.

The chair appointed Supervisors Powers and Baker as a committee to meet the state board of equalization, with a view of reducing the equalization of Rock county.

Supervisor Kendall's motion to have the clerk bind the proceedings of the county board for the last ten years was adopted.

Supervisor Powers moved to authorize the clerk and chairman to call a special meeting of the board. Adopted.

THE BIG BORE IS FINISHED

Work On the New Well At the County Farm At Last Completed.

The new well at the county farm was completed yesterday after several weeks' labor, and the best of pure water is now being obtained for use in the different buildings.

The workmen were obliged to go down to a depth of 114 feet, 101 feet being through a solid mass of rock. The flow that is now obtained comes to within 105 feet of the top, and from there it is easily brought to the surface by pumps.

The contract for drilling was let to A. J. and E. Hinds, of this city, and the job complete will stand the county an expense of about \$650.

STRIKERS AT OSHKOSH ARE MAKING HEADWAY.

Trouble Occurs At the Tanneries At Kenosha—Wisconsin Artillery Company Tendered to the Government—Election of a Postmaster At Cumberland—W. C. T. U. Convent on.

Oshkosh, Wis., May 26.—The first shutdown on account of the wood workers' strike occurred yesterday.

It is the sash and door factory of the Gould Manufacturing company. At the office it was given out that the factory would not resume until it could start with a crew of non-union men.

It had been reported that this concern was about to compromise. A vigorous denial was made to this today and it was supplemented by the assertion that hereafter the firm would not employ union men.

R. O. Joardson and R. H. Edwards of the State Board of Arbitration met with the strikers Tuesday night in the interests of an adjustment of the difficulty between the wood workers and the sash and door manufacturers.

Both men left the city this morning and their destination and object is unknown.

AFTER THE PAPER MILLS

Agent Of An Eastern Syndicate Inspects Wisconsin Properties

Marquette, Wis., May 26.—Henry Churchill, of Herkimer, N. Y., representing the eastern paper syndicate which recently came into control of all the mills in that part of the country has been in the city for several days inspecting the paper and pulp mills of the Marquette and Menominee Paper company.

He has also looked over all the water powers in this part of the country. From here he goes to the Fox and Wisconsin River valleys. His object is to secure options, data and other information looking to the syndicate of the manufacture of paper in the west.

The eastern combine proposes to obtain control of the print trade and to do it will buy up a large number of mills and water powers in the west.

Mr. Churchill was pleased with his inspection of the big plant here and it is safe to say that the local mills will be part of the new combine if the owners can be induced to sell or enter into it.

TROUBLE WITH STRIKERS.

Kenosha Tanners Becoming Belligerent—West Head Button Makers.

Kenosha, Wis., May 26.—Trouble is anticipated from the striking tanners of the N. R. Allen tanneries. Yesterday twenty-five men were brought in from Chicago to save the enormous number of hides rotting in the vats.

As the men were being brought into the factory, one of the strikers tried to hold one of the imported men back, whereupon a free fight took place in which one of the strikers was seriously injured. It is said that when the hides have been put into condition so they will not spoil, the plant will be shut down entirely. The Allen have settled in regard to the wages and the difference now is that the Allen will not recognize the union.

West Bend, Wis., May 26.—Yesterday workmen in the Pearl Button factory quit work after a demand for higher wages had been refused. The remainder of the hands who are in sympathy with the strikers, also walked out, refusing to resume work unless the others' demands were granted. Twenty men are out.

LITTLE ARTILLERY NEEDED.

Governor Scofield's Tender of the Milwaukee Battery Will Not Be Accepted.

The second call for volunteer troops issued by the president, brought a prompt request from Governor Scofield that the Milwaukee battery be taken if it is possible to give them an assignment. Senator Spooner received the dispatch, and he has conferred with the authorities on the subject. The character of the troops to be taken under this call is not yet determined, but there is every reason to believe that they will be almost entirely infantry and cavalry.

It is learned that the war department officials believe there will be very little use for artillery, unless of the Cuban invading army will be made up of infantry and cavalry with the addition of machine guns, which are lighter and can be easily transported.

W. C. T. U. CONVENTION.

Mrs. W. H. Upham Elected President—Business Transacted.

Chippewa Falls, Wis., May 26.—At the opening of the W. C. T. U. convention yesterday, Mrs. E. A. Shores read a paper on the work of the order among the miners of Northern Wisconsin.

Mrs. Helen Scott referred in a flattering manner to the good work of the state press in the interest of the union and advocated more extensive use of newspaper columns in extending the work.

Mrs. Upham submitted her report of the successful work of the order in the lumber camps. Mrs. Baker of Chicago, national treasurer of the union, was warmly greeted on her arrival and introduced to the convention. A lively debate was indulged in when the list of appropriations were read. The appropriation to the home at Eau Claire was reduced to \$1,050.

Mrs. W. H. Upham was elected president of the union by a large majority. Mrs. Ida K. Morie was elected vice president, Mrs. Ida Cook,

treasurer, and Mrs. Stron, of Paraboo, recording secretary. Mrs. May B. Case of Eau Claire won the diamond medal in the oratorical contest last evening.

WILL ELECT A POSTMASTER

How Cumberland Republicans Will Settle a Dispute

Cumberland, Wis., May 26.—Congressman Jenkins has authorized an election in this city, in compliance with a request from republicans, to determine the choice of the republican patrons of the post office for postmaster for the term of four years, beginning July 1.

He has appointed H. S. Constock, F. W. Miller and F. P. Morgan, a committee to hold such election, which committee has published a notice designating May 31 as election day. The election will be held on the Australian plan and a nomination paper with twenty-five names will be required to entitle a candidate to have his name placed on the official ballot.

A bitter fight had been waged for the postoffice among several of the leading republicans of the city, and this means was adopted as the best solution of the difficulty. It seems to give general satisfaction.

## A CHAPTER OF RUNAWAYS

One Thrilly Horse Leads to Two Others Taking Flight.

Three different outfits were involved in a runaway accident on Co. st street at 4 o'clock this afternoon.

A horse belonging to Hutchinson & Sons, and driven by Fred Hutchinson, took flight near the Janesville Machine Works, and the driver soon lost a control of it. While crossing the lower bridge the outfit collided with a buggy containing Miss Louisa Crosby.

Mr. Hutchinson was thrown out, and was cut about the face and bruised. Miss Crosby was thrown violently to the ground, but luckily escaped injury. Both buggy and wagon were damaged.

Miss Emma Grundy of town of Harmony who was driving near was in the way of the runaway, and was also thrown out of her buggy. She escaped injury, but her buggy was slightly damaged.

All three horses were caught with little difficulty.

## Tribby

It truly had a lovely foot. In form so perfect that artists raved about it, modeled and painted it on canvas.

Why? Because this famous lady would never encase her shapely foot in an uneasy shoe.

If "Tribby" had worn tight shoes she would have had corns and probably died unknown.

Unless she had perchance heard of SMITH'S GERMAN CORN CURE, (25c). Our corn cure won't make a perfect foot, but it will surely kill and cure the most stubborn corn. Sent by mail on receipt of price.

## SAGASTA NOT FOR PEACE.

Spanish Premier Says the War Will Continue.

"WILL FIGHT TO THE END."

He Claims Spain Is Only Defending Her Right of National Existence—Will Not Speak on the Subject of the Rumored French Alliance.

Madrid, May 26.—Replying to a question concerning the prospects of peace, Prime Minister Sagasta said that query could be answered better in Washington than here. Spain, he added, was only defending her right of national existence, which she would do until the end.

The supposed negotiations of Senor Castillo, the Spanish ambassador at Paris, with the French government continue to be the subject of rumor. As a matter of fact, however, absolutely nothing is known concerning the negotiations. When questioned on the subject, Prime Minister Sagasta said: "As neither the government nor Senor Castillo has said anything whatever on the subject, the acts attributed to us respecting the negotiations, no matter in what sense, are purely imaginary."

Paris, May 26.—An official of the Spanish embassy, replying to an inquiry as to the present situation, said: "The truth is, the Americans have achieved only one success—namely, at Manila. This has led to nothing. All the rest of their reported victories are false. They relied upon disturbances in Spain. There were some troubles caused by the dearth of bread, but they completely disappeared as soon as the government forbade the exportation of corn."

## BASEBALL REPORT.

Games Played Yesterday in the Various Leagues.

Continued good batting by Chicago won the odd game of the series with Baltimore yesterday. There was no chance to get out of the second division, as Pittsburg won from Philadelphia. Boston and New York, the one winning, the other losing, again changed places, as did Louisville and St. Louis. Cincinnati squeezed out another bare victory from Brooklyn and Cleveland had a worthy opponent in Washington. Scores:

## IN WESTMINSTER HALL.

Body of Mr. Gladstone Taken to London for Interment.

London, May 26.—The body of Mr. Gladstone arrived at Westminster from Hawarden at 1 o'clock this morning, and was laid in Westminster hall with the simplest ceremony. The only persons present were close friends of the dead and a number of officials.

The body of Mr. Gladstone lay in Hawarden village church during the day. It was carried from the castle by half a dozen old retainers of the family to a bier on wheels placed on the lawn. This was rolled through the park past all the favorite nooks of the dead, followed by the family and a few friends.

Thousands of people visited Hawarden to look their last upon Mr. Gladstone's face. There was a constant procession through the church. Many men and women dropped upon their knees beside the bier and silently prayed. Several ladies fainted from excess of grief. The body was taken from the church for removal to London at 6 o'clock.

## BRIEFS FROM BELOIT

The college team left for their Michigan trip yesterday morning. They will play Purdue, De Pauw and Michigan.

## A STORY OF CONVERSION

Dr. Adams Tells Why He Became a Roman Catholic

Dr. Henry Austin Adams lectured last evening at St. Patrick's church, taking for his subject "The Story of My Conversion." It was a recital of the circumstances that have environed his religious life and the reasons that induced him to forsake the Episcopal church and join the church of Rome. The address was somewhat controversial in character, but unusually free from obnoxious references to those who hold different views to those of the speaker. The lecture was listened to with interest by a fair-sized audience.

## NORCROSS-MASON NUPTIALS

Chicago Lawyer Will Lead a Janesville Bride to the Altar.

The wedding of Miss Edith Norcross to George W. Mason is scheduled to be solemnized in this city on Wednesday, June 15. The bride-to-be is the only daughter of Captain and Mrs. Elmy Norcross, and is held in the highest esteem here.

The prospective groom, although a real son of Chicago, is well known in this city, he having visited here on several occasions. He is a prosperous lawyer. Mr. and Mrs. Mason intend to make their future home in Chicago.

## I Like to Dress Well

But can't afford to get my clothes made to measure; they cost too much. Right you are. But it's for men like you that we keep

### "Stein-Bloch" Clothes.

All the quality, fashion and service of the clothes you'd like to wear at half or less their price. Fashionable fabrics at \$12.00 to \$18.00, and as good as the tailor can make at twice the price. Consult us first. We will send you out more fashionably attired than any of them

### Special for Today: ::

Child's fast black Bicycle Hose, 17c.  
An exact copy of the imported Collar that sells for 25 and 30c straight; our price, 15c; 2 for 25c. Something new, see them.  
All styles of Link Cuffs, 25c per pair.

### A Word About Repairs

Our repair department is in charge of a first-class tailor. We do repairing, cleaning and pressing of all kinds at moderate prices. If you have cloth you wish made up we will cut, make and trim it in the best manner. All clothes bought at our store we keep in press free of charge.

E. J. SMITH, M'g'r. Main & Milwaukee Streets  
Our store open every week day evening except Tuesday and Friday. Bear this in mind.

## THE SECRET! Of Our Large Fish Trade

Lies in the fact of our having such excellent facilities for handling the finny tribe. Our Fish are ordered from reliable fishermen at the lakes, are packed in ice during transit, and, the moment they arrive at our store, are placed in a special Fish refrigerator on broken ice, and kept at an even temperature. : : : : :

White Fish,  
Trout,  
Skinned Bullheads.

Every day we have fresh caught Fish, but the largest invoice of the week comes Thursday. White Fish, Trout, Skinned Bullheads, for Friday's trade, will be in Thursday. Place orders early so that prompt delivery will be assured.
